TAT 1. [] LIAISON John Hornbeck and Kenneth Klein, House Select Committee on Assassinations staff, visited C&R Staff to review Agency material.

TAT 2. [] LIAISON Took a call from Beverly Lumpkin, Subcommittee on International Organizations, House Committee on International Relations, who agreed that she would send over a list of "old" documents that Deputy Director Michael Hershman would like to review.

TAT 3. [] LIAISON Donna Lavigne, from Senator John Glenn's (D., Ohio) Governmental Affairs Subcommittee on Energy, called to ask for the deleted portions of the recently released SNIE on Proliferation. She said that Senator Glenn had asked for the deleted paragraphs. I said that I would look into it and get back with her.
STAT [] NFAC/CSS, provided me with a copy of the full document, which I took to Mrs. Lavigne. She read it in my presence and returned it to me. I briefed her on the inadvertent release of the SNIE and secured her agreement to brief only Senator Glenn on the contents.
